**That's No Moon Inc.** / 3D Environment Artist: Staff / Dec 2021 - Present

Worked with a highly collaborative team in Unreal 5 to create cutting-edge environments for an unannounced 3rd person, action-adventure game. Created architectural kits for three distinct biomes and procedural landscapes with PCG. Worked closely with design and other departments to turn gray-box into fully realized levels. Helped develop the architecture and photogrammetry pipelines. Worked with TechArt to create tools using Blueprints and Houdini. Assisted Virtual Production to give live environment support during capture on film days.

**Santa Monica Studio** / 3D Environment Artist: Contract / Oct 2020 - Dec 2021

Worked with a talented team to develop the Alfheim Light Well in God of War: Ragnarök. Created environments from gray-box through optimization. Built models, textures, shaders, and VFX. Set up water with flow map shaders and wind for the entire biome. Created the Reflect Crystal assets and collaborated with design on their integration into combat and puzzles.

**Dreamscape Immersive** / 3D Generalist: Contract - Staff / Sept 2018 - Oct 2020

Worked with a small team to develop VR games in Unity using proprietary and licensed IPs. Created virtual reality environments in a variety of styles from realism using PBR to hyper-stylized cartoons. Built models, textures, shaders, and VFX in addition to worldbuilding from gray-box to publish.

Alien Zoo: University / April 2021
